

## HOW TO SETUP CROSSBAR FOR LIGHTING STAND

*Note: The crossbar is an optional accessory for our lighting stand. This is needed only if mounting more than 1 light fixture to the stand.*

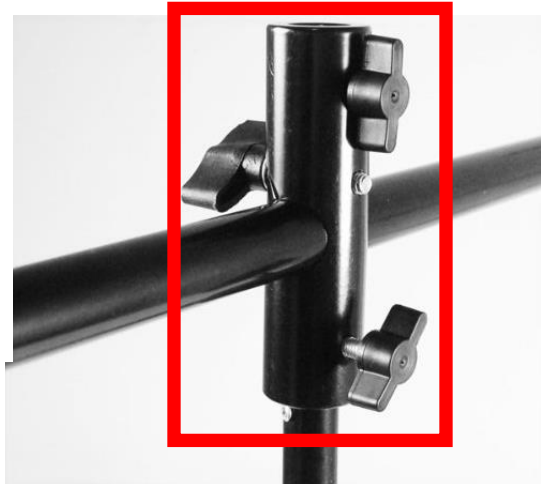

### Step 1:

Remove the entire adapter piece from the top of the stand. *(Twist knob to loosen)*

### Step 2:

Place crossbar attachment on top of lighting stand. Tighten knobs to lock in place.

### Step 3:

Repeat steps 1-4 from lighting stand setup instructions to attach two light fixtures.
